Welcome

Purchasing a Rolls-Royce, with its combination of visionary engineering and hand-crafted build, should always be an exceptional experience, regardless of its age. That's why only the finest previously-owned Rolls-Royce motor cars attain the Provenance title.

Our uncompromising standards and drive for excellence ensure that every Provenance vehicle not only delivers total reassurance but, thanks to our minimum two year servicing and warranty cover, is also a sound investment for the future.

With its own distinctive style and features, every Rolls-Royce motor car is unique. That's why our knowledgeable dealer staff are on hand at all stages of your purchase to guide you through your choice of vehicle and assist you in the selection of luxurious accessories, helping you to put your own personal stamp on your Provenance Rolls-Royce motor car.

Our promise

When you buy a Provenance Rolls-Royce motor car, you are buying unrivalled peace of mind.

To attain the Provenance title, every previously-owned Rolls-Royce motor car is meticulously inspected by factory-trained technicians, and repaired using genuine Rolls-Royce parts to ensure your chosen vehicle meets the highest possible standards before it even reaches you.

As well as successfully completing a rigorous pre-delivery inspection, each Provenance Rolls-Royce offers the reassurance of an independently checked vehicle history* and mileage verification**, together with up to two years' fully inclusive servicing and 24-hour roadside assistance^.

Moreover, while some prestige marques offer only 12 months' warranty and no inclusive servicing, Provenance Rolls-Royce motor cars benefit from a minimum 24 month warranty and complimentary servicing. For further peace of mind, this comprehensive cover is fully transferable to subsequent owners so you can rest assured that your Provenance Rolls-Royce remains a sound investment.

Finally, we appreciate that you might take your Rolls-Royce overseas. For this reason, the inclusive servicing work can be undertaken by an authorised Rolls-Royce Motor Cars dealer or Rolls-Royce Motor Cars service workshop anywhere in the world.

*Not available in all markets. Please consult your Rolls-Royce Motor Cars dealer for details. **Mileage is unlimited. ^Only applicable on Rolls-Royce Provenance vehicles eight years of age or less.

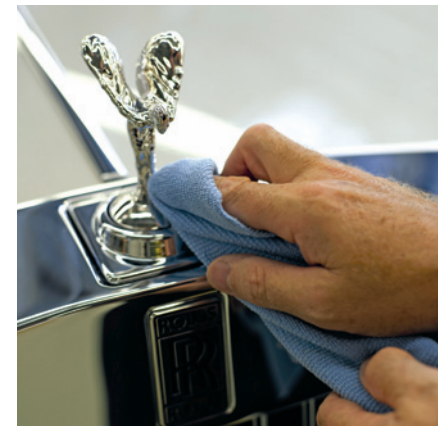

Uncompromising standards

Every Provenance vehicle has been restored to Rolls-Royce Motor Cars' uncompromising standards, with every detail scrupulously inspected, including a full road test. Any issues identified are then rectified using only genuine Rolls-Royce Motor Cars parts in an authorised dealership, assuring you that all factory-fitted equipment is in full working order and that every tyre has a minimum depth of 4mm. Paintwork and trims are also inspected and restored to the level you would expect of a Rolls-Royce motor car.

Checks are carried out by independent organisations to ensure the vehicle has not been previously stolen, written-off as a loss or is a salvage vehicle, and that it has no outstanding financial agreements. Any statutory vehicle inspections and/or emissions tests are carried out and the necessary certificates issued*.

Finally, your Rolls-Royce is professionally prepared and valeted to ensure it arrives looking its best, and if a service is due within the next 4,000 miles, it will be completed before delivery.
